## INSTRUCTIONS

1. Pour out a puddle of Vanilla Bean. Add water, about 50% water to 50% paint, and mix it up.
2. Sweep on the background using your fan brush making x shaped movements. Repeat for a second coat.
3. Water down the Olive You with about 50/50 paint and water.
4. Apply flowers on the plate your detail brush to dab on little bits of white.
5. Add in your stems and leaves using your liner brush and the watered down Olive You.

## TIPS

- You only need to do one coat on these for the water color effect.
- Don't be too stressed about the flower shapes, we are going for organic.
- The harder you push down on the liner brush, the thicker the line will be.
